Diploma in Computer Science   **May 2019 - June 2022**
TKIET Polytechnic, Warananagar
Percentage: 85.89

Secondary Education   **June 2018 - March 2019**
Bhairav Vidyaniketan Asgoan
Percentage: 83.00

WORK EXPERIENCE

Internship: RSquareSoft Technologies India pvt ltd

Pune, Maharashtra | Jan 2025 – June 2025

- Developed and maintained web application using React.js and FastAPI
- Integrated Prometheus and Alert manager for real time system monitoring and alerting

PROJECTS

- **Donation Management System:**
    - Manual Process is Time consuming therefore we create a web application for donation system.
    - And there is lack of transparency present in existing system to overcome this problem we use tracking feature to give all the information to the donor

- **Personal Portfolio Website:**
    - Developed a responsive and modern personal portfolio using React.js, Tailwind CSS
    - Showcases my projects, skills, resume, and contact information

- **Finding the Shortest Path by using Warshall Algorithm:**
    - There are various algorithms for finding the shortest path but we used warshall algorithm because this algorithm gives all the possible path to reach the destination.
